## Village Travel

We have been very busy traveling to the villages in Western Alaska. The expression used up here when we are that busy is that we've been busier than a mosquito in a nudist colony.

Since the first of the year we've been in eight villages and have taught twelve classes. We had been teaching the classes during the day but beginning in January have taught them from seven to ten in the evenings which is allowing more people in the congregation and villages to attend the classes. Ten o'clock rolls around before you know it and students would continue except that I really need a break after three hours straight.

## Summer in the Lower 48

Susan and I will be doing some itineration this summer beginning in May and returning the first week of August. There are only two Sunday mornings to be filled while we are in Idaho on May 25th and June 1st. If you would like us to come for Sunday give us a call ASAP.

With so many of our Churches having their main service Sunday morning, please keep us in mind for VBS, WM's, Men's Ministry, or other services you might want/need a Missionary speaker involved. We could easily schedule services during the week.

We will be in Nampa, ID May 20th to June 8th. Then on to Tacoma, WA until June 17, and then we will be in Northern California until July 28th.

## Alaska Display Table

We have collected more items for our display table. We encourage both children and adults to experience the items "first hand" by touching the different furs and other items to have an "up-close-and personal opportunity" to learn about Alaska.

## Thanks to BGMC

I want to share what a great blessing **BGMC** is. Last month the computer I inherited from Wade when he upgraded, started crashing. It had been running slow for a long time but now it needed to be rebooted all the time. I was so afraid that I would lose all our records and our mission's database.

We contacted BGMC and they provided the funds for a new computer. We were able to transfer all the files and now I am able to work with confidence that I won't lose any data. BGMC you are a great blessing to missionaries.

## Note from Susan

Wade isn't the only one traveling to the villages, in January I went with him to Dillingham and Togiak to teach the Psalms class for AKSOM. It was my first time flying in one of the small bush planes. Now I know why Wade calls the pilots of these planes "Scary Larry" or "Frightening Freddy".

The winds were terrible and the plane seemed to move as much up and down

as forward. I am proud to say I kept my lunch down – but it was an effort.

Plane ride aside, I really enjoyed the trip and look forward to the opportunity to go again.

## We Have A New Facebook Page
